#M-DC-4 Dipping Cabinet

Dipping Trough

DC-4

Dipping Cabinet 4 Compartment Dipping Cabinet

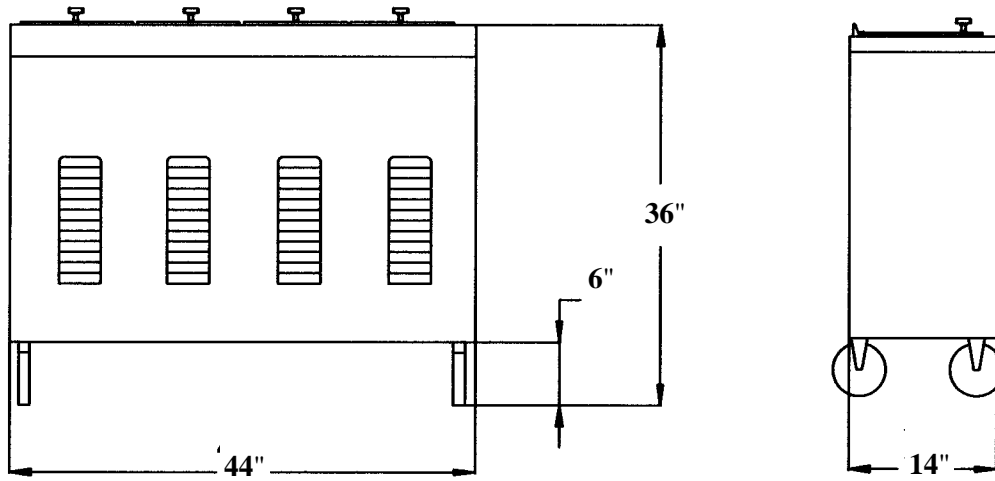

- Custom designed for use with Ross patented Frozen Custard Machines.
- Digital temperature controller holds products at a constant dipping temperature.
- Removable cabinet covers allow easy access to the product.
- Container storage compartments hold four, 4.25 gallon (16 liter), square buckets.
- Dipping trough mounts on Frozen Custard Machine which eliminates fixed water connections on dipping cabinet.
- Stainless steel design makes cleaning easy.
- Locking casters limit movement while product is running into dipping cabinet.
- Plugs into standard 115 volt, 15 amp electrical outlet.

Featuring Ross
Quick-Freeze™ Technology

Smooth...Very Smooooth™

DC-4 Ross Dipping Cabinet
